You weren't joking about substantial edits! I do have a question though: so we are releasing everything for BaP now (background, approach full science questions, etc.), but only the TBA science issue titles?

Hi Maureen,

The PDF has a scan of the hand-marked up version of the website, but it is a lot of new text so I put it in word files that I'm hoping you can just cut and paste. The changes were pretty major and I know it looks confusing. I tried to make it as clear as I could. Let me know if you want the sheets or me to talk about it.

Vicki

Hi Maureen,

Vince has some substantial changes. I will try to get it to you ASAP. We will also be adding some text to the BaP tab (rather than linking a document).

We will be talking to NAS tomorrow and then we will have the date that we will need to make this website live – it will be sometime next week.

I'm sorry about all of the changes, but this one is a bit different.

Thanks - Vicki

Hi Maureen,
Attached is a scan of edits to the June meeting website. I have the hand marked-up sheets if those would be better (easier). The biggest change is that ETBE is coming off and it will only be TBA now. ETBE will be in the September meeting.

Thanks,
Vicki

Hi Maureen,

This is the preliminary text for the June meeting. Is it possible to put this on the staging server? Can we have different tabs for the meeting materials for TBA and ETBE and then BpA?

Thanks - Vicki
